Jobtyp  Wer gründet mit?

Angebot

Titel  Programming assistant (m/w/d)

Einsatzort und Kontakt  37077 Göttingen

Beschreibung  In collaboration with SNIC, Göttingen, we are applying for "Exist - Gründerstipendium" to develop a desktop/Android/iOS application. More information will be discussed at our first meeting. Once the application is accepted, you will get a stipend for 12 months to work on the project.

Anforderungsprofil  You are with a Bachelor degree in information technology.
You should have experience to design applications with a complex programming background.
At least a few months of laboratory rotation experience in any Biology research laboratory is advantageous but not necessary.
Strong motivation to develop something new and meaningful.
Good communication in German and English writing and speaking.
You enjoy working in a team with interdisciplinary expertise.
Ability and willingness to write.
