## Angebot

**Titel**  
Participants in a depressive episode (MDD/ bipolar disorder) are welcome!

**Einsatzort**  
Von-Siebold-Straße 5  37075 Göttingen  
Deutschland

**Beschreibung**  
Participants in a depressive episode of major depressive or bipolar disorder are welcome!

**Background of the study**  
We are searching for depressed or bipolar participants for a study investigating on the efficacy of non-invasive repetitive Transcranial Magnetic stimulation (rTMS) to treat depressive symptoms. The effect will be examined by functional magnetic resonance imaging (fMRI). This treatment is well established and has been used for many years in clinical and scientific settings.

**Anforderungsprofil**

- You are currently in a depressive episode
- You are between 18 and 60 years old
- You have no epilepsy, no other psychiatric or neurological diseases, no brain lesions and no metal parts in your head

Are you interested in participating in our study? Please send us an email with your name and telephone number or give us a call.

**Contact person:**  
Dr. Tracy Erwin-Grabner

**Location:**  
Von-Siebold-Straße 5, 37075 Göttingen

**Email:**  
tracy.erwin-grabner@med.uni-goettingen.de

**Telephone Number:**  
0551 / 39-62246 or 39-10810

We are looking forward to seeing you!

Participation is possible in the actual Covid-pandemic because of strict security measures!
